

Date: 26/06/2023

To

The Member Secretary,

Andhra Pradesh Pollution Control Board,
D.No.33-26-14 D/2, Near Sunrise Hospital,
Chalamalavari Street, Kasturibaipet,
Vijayawada-520010.

Dear Sir,

Sub: Submission of Bio Medical Waste Annual Report in Form-II for the Year -2022**Ref:** BMW authorization No. PCB/ROVSP/BMW/HCE-148/2022 dated 26.04.2022.

With reference to the above subject, please find here with the enclosed annual report (in Form-IV) pertaining to the period from 1st January 2022 to 31st December 2022 along with Biomedical waste authorization condition wise compliance report for your perusal and records.

Kindly acknowledge receipt of the same.

Thanking you,

Yours Truly,
For **Mylan Laboratories Limited, Unit 10.**M.V.A Rama Raju
AVP-Manufacturing Services (Plant Head).**Encl:** Form-IV
Copy to: APPCB, Regional Office, Visakhapatnam 530018

MYFORM – IV

(See rule 13)

ANNUAL REPORT

[To be submitted to the prescribed authority on or before 30th June every year for the period from January to December of the preceding year, by the occupier of health care facility (HCF) or common bio-medical waste treatment facility (CBWTF)]

Sl. No.	Particulars	
1.	Particulars of the Occupier	
	(i) Name of the authorised person (occupier or operator of facility)	: M.V.A Rama Raju AVP-Manufacturing Services (Plant Head)
	(ii) Name of HCF or CBMWTF	: Mylan Laboratories Ltd., Unit 10
	(iii) Address for Correspondence	: Mylan Laboratories Ltd., Unit 10. Plot No: 86, SEZ, Jawaharlal Nehru Pharma City, Parawada, Aakapalli (Dist). Pin: 531021 Andhra Pradesh, India.
	(iv) Address of Facility	: Same as above
	(v) Tel. No, Fax. No	: Tel.No: 91-8913063501 Fax No: 91-8924-236186
	(vi) E-mail ID	: Ramasubbarao.kandru1@viatris.com
	(vii) URL of Website	: www.viatris.com
	(viii) GPS coordinates of HCF or CBMWTF	: Latitude : 17° 40' 9.5" N Longitude : 83° 5' 46" E
	(ix) Ownership of HCF or CBMWTF	: (State Government or Private or Semi-Govt. or any other) Private
	(x). Status of Authorisation under the Bio-Medical Waste (Management and Handling) Rules	: Authorisation No.: PCB/ROVSP/BMW/HCE-148/2022 dated 26.4.2022 Valid up to 30/06/2027 A copy herewith enclosed as Annexure I
	(xi). Status of Consents under Water Act and Air Act	: Water Act & Air ACT: APPCB/VSP/VSP/250/HO/CFO/2021 Dated 09.03.2021
2.	Type of Health Care Facility	
	(i) Bedded Hospital	: No. of Beds: 03 No's
	(ii) Non-bedded hospital (Clinic or Blood Bank or Clinical Laboratory or Research Institute or Veterinary Hospital or any other)	: It is Occupational Health Center, First Aid treatment only.
	(iii) License number and its date of expiry	: ---
3.	Details of CBMWTF	
	(i) Number healthcare facilities covered by CBMWTF	: NA
	(ii) No of beds covered by CBMWTF	: NA

	(iii) Installed treatment and disposal capacity of CBMWTF:	:	_____ Kg per day																																																		
	(iv) Quantity of biomedical waste treated or disposed by CBMWTF	:	_____ Kg/day																																																		
4.	Quantity of waste generated or disposed in Kg per annum (on monthly average basis)	:	Yellow Category: 1048.79 kgs/ Annum Red Category: 13.04 kgs/ Annum White Category: 1.08 kgs/ Annum Blue Category: 2.09 kgs/ Annum General Solid waste: ---NIL--- Category wise monthly disposal summary along with destruction certificates herewith enclosed as Annexure II																																																		
5.	Details of the Storage, treatment, transportation, processing and Disposal Facility																																																				
	(i) Details of the on-site storage facility	:	Size: 20 Square meters Capacity: 1000 Kgs Provision of on-site storage: (cold storage or any other provision): Secure storage																																																		
	(ii) Details of the treatment or disposal facilities	:	<table border="1"> <thead> <tr> <th>Type of treatment equipment</th> <th>No of units</th> <th>Capacity Kg/day</th> <th>Quantity treated and disposed in Kg per annum</th> </tr> </thead> <tbody> <tr> <td>Incinerators</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Plasma Pyrolysis</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Autoclaves</td> <td>02</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Microwave</td> <td>0</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Hydroclave</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Shredder</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Needle tip cutter or destroyer</td> <td>01</td> <td></td> <td>---</td> </tr> <tr> <td>Sharps encapsulation or concrete pit</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Deep burial pits:</td> <td>Nil</td> <td></td> <td>Not Applicable</td> </tr> <tr> <td>Chemical disinfection:</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Any other treatment equipment:</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>	Type of treatment equipment	No of units	Capacity Kg/day	Quantity treated and disposed in Kg per annum	Incinerators	Nil		Not Applicable	Plasma Pyrolysis	Nil		Not Applicable	Autoclaves	02		Not Applicable	Microwave	0		Not Applicable	Hydroclave	Nil		Not Applicable	Shredder	Nil		Not Applicable	Needle tip cutter or destroyer	01		---	Sharps encapsulation or concrete pit	Nil		Not Applicable	Deep burial pits:	Nil		Not Applicable	Chemical disinfection:				Any other treatment equipment:					
Type of treatment equipment	No of units	Capacity Kg/day	Quantity treated and disposed in Kg per annum																																																		
Incinerators	Nil		Not Applicable																																																		
Plasma Pyrolysis	Nil		Not Applicable																																																		
Autoclaves	02		Not Applicable																																																		
Microwave	0		Not Applicable																																																		
Hydroclave	Nil		Not Applicable																																																		
Shredder	Nil		Not Applicable																																																		
Needle tip cutter or destroyer	01		---																																																		
Sharps encapsulation or concrete pit	Nil		Not Applicable																																																		
Deep burial pits:	Nil		Not Applicable																																																		
Chemical disinfection:																																																					
Any other treatment equipment:																																																					
	(iii) Quantity of recyclable wastes sold to authorized recyclers after treatment in kg per annum.	:	_____																																																		
	(iv) No of vehicles used for collection and transportation of biomedical waste	:	_____																																																		

Not Applicable
(BMW is disposed off to CBMWTF for treatment & disposal)

Not Applicable
(BMW is disposed off to CBMWTF for treatment & disposal)

	(v) Details of incineration ash and ETP sludge generated and disposed during the treatment of wastes in Kg per annum		Quantity generated Incineration Ash ETP Sludge	Where disposed ---NA---
	(vi) Name of the Common Bio-Medical Waste Treatment Facility Operator through which wastes are disposed of	:	M/s Vasista Enviro Care De-Notified Area, APSEZ, Atchutapuram (M), Anakapalli (Dist) Mobile No.: 9177795457	
	(vii) List of member HCF not handed over bio-medical waste.	:	Not applicable	
6.	Do you have bio-medical waste management committee? If yes, attach minutes of the meetings held during the reporting period	:	Yes Minutes of Meeting held on 17.02.2022 & 13.08.2022 herewith enclosed as Annexure-III	
7.	Details trainings conducted on BMW			
	(i) Number of trainings conducted on BMW Management.	:	08 (herewith enclosed as Annexure-iv)	
	(ii) number of personnel trained	:	20	
	(iii) number of personnel trained at the time of induction	:	General awareness training given to all the persons at the time of induction.	
	(iv) number of personnel not undergone any training so far	:	We have provided training to all relevant staff who handle Biomedical waste in the Organization and also implemented BMW induction training for new joiners.	
	(v) whether standard manual for training is available?	:	Yes, we have standard operating procedure for training.	
	(vi) any other information)	:	---	
8.	Details of the accident occurred during the year			
	(i) Number of Accidents occurred	:	No accidents occurred during the year	
	(ii) Number of the persons affected	:	Not applicable	
	(iii) Remedial Action taken (Please attach details if any)	:	Not applicable	
	(iv) Any Fatality occurred, details.	:	Not applicable	
9.	Are you meeting the standards of air Pollution from the incinerator? How many times in last year could not met the standards?	:	Not applicable	
	Details of Continuous online emission monitoring systems installed	:	Not applicable	
10.	Liquid waste generated and treatment methods in place. How many times you have not met the standards in a year?	:	Not applicable	

11.	Is the disinfection method or sterilization meeting the log 4 standards? How many times you have not met the standards in a year?	:	Yes, the disinfection method meeting the log 4 standard. No, such conditions were not recorded after disinfection.
12.	Any other relevant information	:	(Air Pollution Control Devices attached with the Incinerator) Not applicable

Certified that the above report is for the period from January 1, 2022 to December 31, 2022

BIO -MEDICAL WASTE AUTHORISATION

(Issued under Rule 10 of the Bio-Medical Waste Management Rules, 2016)

(Authorisation for operating a facility for generation, collection, reception, treatment, storage, transport and disposal of biomedical wastes)

Order PCB/ROVSP/BMW/HCE-148/2022

Date: 26-04-2022

1. Occupational Health Centre an occupier or operator of the facility located at **Mylan Laboratories Ltd, Unit-10, Plot No.86, SEZ, J.N.Pharmacy, Parawada, Visakhapatnam** is hereby granted an authorization for:

Activity	Please tick
Generation, segregation	(<input checked="" type="checkbox"/>)
Collection,	(<input checked="" type="checkbox"/>)
Storage	(<input checked="" type="checkbox"/>)
Packaging	(<input checked="" type="checkbox"/>)
Reception	(<input type="checkbox"/>)
Transportation	(<input type="checkbox"/>)
Treatment or processing or conversion	(<input type="checkbox"/>)
Recycling	(<input type="checkbox"/>)
Disposal or destruction	(<input type="checkbox"/>)
Use	(<input type="checkbox"/>)
Offering for sale, transfer	(<input type="checkbox"/>)
Any other form of handling	(<input type="checkbox"/>)

2. Occupational Health Centre is hereby authorized for handling of biomedical waste as per the capacity given below:

- (i) Number of beds of HCF: 03 No & Microbiology Lab
(ii) Quantity of Biomedical waste handled treated or disposed:

Type of Waste Category	Quantity permitted for Handling
Yellow	150.0 Kgs/Month
Red	5.0 Kgs/Month
White (Translucent)	0.5 Kgs/Month
Blue	1.0 Kgs/Month

3. This authorization shall be in force for a period of 5 Years **i.e., up to 30.06.2027.**
4. This authorisation is subject to the conditions stated below and to such other conditions as may be specified in the rules for the time being in force under the Environment (Protection) Act, 1986.

Date: 26.04.2022

TERMS AND CONDITIONS OF AUTHORISATION

SCHEDULE - A

1. The authorised person shall comply with the rules of Bio-Medical Waste Management Rules, 2016 and the amendments made there under from time to time.
2. The authorised person should handle the waste without any adverse effects to human health and the Environment.
3. Take all necessary steps to ensure that bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with these rules;
4. The Bio-Medical Waste shall not be mixed with other wastes.
5. The Bio-Medical Waste shall be segregated into containers / bags at the point of generation in accordance with Schedule - I of the Notification prior to its storage, transportation, treatment and disposal. The containers shall be labeled according to Schedule - IV of the Notification.
6. If a container is transported from the premises where Bio-Medical Waste is generated to any waste treatment facility outside the premises, the container shall, apart from the label prescribed in Schedule - IV of the Notification, also carry information prescribed in Schedule - IV of the Notification.
7. Notwithstanding anything contained in the Motor Vehicles Act, 1988, or Rules there under, untreated Bio-Medical Waste shall be transported only in such vehicle as may be authorised for the purpose by the Competent Authority as specified by the Government.
8. The person authorised under these Rules shall not lease, sell, transfer or otherwise transport the Bio-Medical Wastes without obtaining prior permission of the Member Secretary, Andhra Pradesh Pollution Control Board.
9. An application for the renewal of authorisation shall be made as laid down in Rule 10 and Form II of the Rules.
10. Every occupier/operator shall submit an annual report to the Member Secretary, Andhra Pradesh Pollution Control Board in Form - IV by 30th June every year, containing information about the categories and quantities of Bio-Medical Wastes handled during the preceding year.
11. Every HCE shall maintain a daily record of waste generation quantity either in volume or by weight in kg/day as follows:
 - a. **Human anatomical /Animal anatomical/solid waste/expired and discarded medicines, Chemical liquid etc. (Yellow Bag)**
 - b. **Contaminated waste(recyclable) (Red Bag)**
 - c. **Waste Sharps including metals etc. (White translucent Puncture Proof Bags)**
 - d. **Glassware, Metallic body implants (Blue Bag)**
12. Every authorized person shall maintain records related to the generation, collection, reception, storage, transportation, treatment, disposal and / or any form of handling of Bio-Medical Waste in accordance with these Rules and any guidelines issued.
13. All records shall be subject to inspection and verification by the Member Secretary, Andhra Pradesh Pollution Control Board, or authorized officer of A.P.Pollution Control Board at any time.
14. The Applicant shall exhibit the Authorisation of the Board in the premises at a prominent place for the information of inspecting officer of different Departments.
15. The applicants shall inform the Prescribed Authority, the name and designation of the concerned person in-charge of Bio-Medical Waste Management in the Health Care Establishment. This person shall be held responsible for the implementation of the Bio-Medical Waste Management Rules, 2016.

SCHEDULE - B

1. The HCE shall obtain DM & HO Registration.
2. Biomedical waste shall be treated and disposed in accordance with Schedule - I (Part I & II) and in compliance with standards provided in Schedule II of the Bio-Medical Waste Management Rules, 2016 should be carried out at source only. Only Yellow, Red, Blue, non chlorinated bags shall be used for collection of BMW.
3. Make a provision within the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in Schedule I, to ensure that there shall be no secondary handling, pilferage of recyclables or inadvertent scattering or spillage by animals and the bio-medical waste from such place or premises shall be directly transported in the manner as prescribed in these rules to the common bio-medical waste treatment facility or for the appropriate treatment and disposal, as the case may be, in the manner as prescribed in Schedule I;
4. Pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilization on-site in the manner as prescribed by the World Health Organization (WHO) or National AIDS Control Organization (NACO) guidelines and then sent to the common bio-medical waste treatment facility for final disposal;
5. Phase out use of chlorinated plastic bags, gloves and blood bags within two years from the date of notification of BMWM Rules, 2016.
6. Dispose of solid waste other than bio-medical waste in accordance with the provisions of respective waste management rules made under the relevant laws and amended from time to time;
7. Not to give treated bio-medical waste with municipal solid waste;
8. Provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmers conducted, number of personnel trained and number of personnel not undergone any training shall be provided in the Annual Report;
9. Immunize all its health care workers and others, involved in handling of bio-medical waste for protection against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of bio-medical waste, in the manner as prescribed in the National Immunization Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time;
10. Establish a Bar- Code System for bags or containers containing bio-medical waste to be sent to CBMWTF within one year from the date of the notification of these rules;
11. Ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralization prior to mixing with other effluent generated from health care facilities;
12. Ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974);
13. Ensure occupational safety of all health care workers and others involved in handling of biomedical waste by providing appropriate and adequate personal protective equipments;
14. Conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio- medical waste and maintain the records for the same;
15. Maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in Schedule I;
16. Report major accidents including accidents caused by fire hazards, blasts during handling of biomedical waste and the remedial action taken and the records relevant thereto, (including nil report) in Form I to the prescribed authority **and also** along with the annual report;

17. Make available the annual report your official web-site within two years from the date of notification of BMW Rules, 2016;
18. Inform the Prescribed Authority i.e, APPCB immediately in case the Operator of a common facility does not collect the bio-medical waste within 48 hours or as per the agreed time;
19. Establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the Committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the prescribed authority.
20. Maintain all record for operation of incineration, hydro or autoclaving etc., for a period of five years;
21. All plastic bags shall be as per BIS standards as and when published, till then the prevailing Plastic Waste Management Rules shall be applicable.
22. Dead Fetus below the viability period (as per the Medical Termination of Pregnancy Act, 197, amended from time to time) can be considered as human anatomical waste. Such waste should be handed over to the operator of common bio medical waste treatment and disposal facility in yellow bag with a copy of the official Medical Termination of Pregnancy certificate from the Obstetrician or the Medical Superintendent of hospital or health care establishment.
23. Cytotoxic drug vials shall not be handed over to unauthorized person under any circumstances. These shall be sent back to the manufacturers for necessary disposal at a single point. As a second option, these may be sent for incineration at common bio medical waste treatment and disposal facility or TSDFs or plasma pyrolysis is at temperature >1200°C.
24. Residual or discarded chemical wastes, used or discarded disinfectants and chemical sludge can be disposed at hazardous waste treatment, storage and disposal facility. In such, the waste should be sent to hazardous waste treatment, storage and disposal facility through operator of common bio medical waste treatment and disposal facility only.
25. Syringes should be either mutilated or needles should be cut and or stored in tamper proof, leak proof and puncture proof containers for sharps storage. Wherever the occupier is not linked to a disposal facility it shall be the responsibility of the occupier to sterilize and dispose in the manner prescribed.
26. The Occupier shall hand over segregated waste as per the Schedule-I to common bio-medical waste treatment facility for treatment, processing and final disposal.
27. Every occupier shall phase out use of non-chlorinated plastic bags within two years from the date of publication of these rules and after two years from such publication of these rules, the chlorinated plastic bags shall not be used for storing and transporting of bio medical waste and the occupier or operator of a common bio medical waste treatment facility shall not dispose of such plastics by incineration and the bags used for storing and transporting bio medical waste shall be in compliance with the Bureau of Indian Standards. Till the standards are published, the carry bags shall be as per the Plastic Waste Management Rules, 2016.
28. The Occupier shall maintain a record of recyclable wastes which are auctioned or solid and the same shall be submitted to the prescribed authority as part of its annual report. The record shall open for inspection by the prescribed authorities.
29. Segregation of the waste in accordance with Schedule - I of the Bio-Medical Waste Management Rules, 2016 should be carried out at source.
30. Chemical treatment should be carried out using at least 1% Hypochlorite Solution or any other equivalent chemical reagent. It must be ensured that chemical treatment ensures disinfection.
31. No untreated Bio-Medical Waste shall be kept stored beyond a period of 48 hours.
32. The Mercury spillage / losses due to breakage of Thermometers, pressure and other measuring equipment in Health Care Establishments shall be collected stored and send back to the manufacturers.

Annexure-II
Summary of BMW Disposed to CBMWTF from Jan to Dec 2022

Month	Disposed Quantity				Total quantity in Kgs	
	Yellow Category		Red Category	White Category		Blue Category

BIO MEDICAL WASTE MANAGEMENT COMMITTEE

Objective: To ensure that the safe handling, storage, treated and disposed of bio medical waste, without any adverse effects to human health and the environment, in accordance with guidelines issued by the Central Pollution Control Board from time to time.

BMW management committee has been formed on 17.02.2022

Chairman: Mr.M.V.A Ramaraju, AVP -Mfg.Services (Unit Head).

Secretary: Mr.K.Ramasubba Rao, DGM-EHS.

S.No.	Name of the Member	Designation	Department
1	Mr. M.V.A Ramaraju	AVP	Unit Head
2	Mr.K.Rama Subba Rao	DGM	EHS
3	Mr.M.Someswararao	AGM	QC
4	Mr.D.Sai Srinivasa Kiran	Sr.Manager	EHS
5	Mr.M.S.R.K.Prasad	AGM	HR
6	Mr.Y.Subbarao	Officer	EHS
7	Mr. G.V. Sita Rama chowdary	Executive	EHS
8	Dr.V.Durga Prasad	Medical Officer	OHC
9	Mr.A.Ramana Babu	Compounder	OHC
10	Mr.D.Ch.Appala Naidu	Dy.Manager	QCD-Microbiology
11	Mr.S.Sankara Rao	Officer	QCD-Microbiology
12	Mr.S.Srinu	Workmen	EHS
13	Mr.Abdul Gaffur	Workmen	EHS

Frequency of Meeting: Once in Six Months.

Duration of Meeting : Two Hours.

Venue : Online meeting.

Chairman- BMW Management Committee

Mr.M.V.A.Ramaraju

Encl: Agenda

Date-17.02.2022

Agenda:

Date : 17th Feb -2022.
Venue : Mylan Laboratories Ltd, Unit – 10, Online meeting.
Time : 02.30 to 03.30 hrs.

S.No.	Observations	Remarks
01	Handling and disposal of COVID-19 related PPE	
02	Bio Medical waste APPCB Authorization and validity status.	
03	Condition Wise Compliance of Bio Medical Waste and site status.	
04	Review of Bio Medical Waste Management SOP & Existing Procedures.	
05	Awareness on Bio medical waste collection and Disposal as per the statutory requirements.	

Points Discussed:

S.No.	Description of the review Point	Action	Responsibility	Status
1	Handling and disposal of COVID-19 related PPE	Covid-19 against used PPE was collected separately in yellow colour coded bins and after proper sanitization disposing the same as per CPCB/BMW guidelines.	Incharge-Environment	It is under process.
2	Bio Medical waste APPCB Authorization and validity status.	Discussed on regular intervals and being monitored.	Incharge-Environment	Being Followed.
3	Condition Wise Compliance of Bio Medical Waste and site status.	As per the statutory requirements every six months we are submitting applicable details.	Incharge-Environment	Being Followed.
4	Review of Bio Medical Waste Management SOP & Existing Procedures.	Discussed about the last BMW committee points.	Incharge-Environment	---
5	Awareness on Bio medical waste collection and Disposal as per the statutory requirements.	Awareness to be provided for all concerns and new joining employees.	Incharge-EHS	Being Followed.

COMPLIANCE STATUS OF BIO-MEDICAL WASTE AUTHORIZATION TERMS AND CONDITIONS

(Order-PCB/ROVSP/BMW/HCE-148/2022 Date: 26/04/2022)

SCHEDULE- A

S. No.	Condition	Compliance status
1	The authorized person shall comply with the Rules of Bio-Medical Waste Management Rules, 2016 and the amendments made there under from time to time.	Complied. As per the Bio-Medical Waste (Management & Handling) Rules, 2016 and there under.
2	The authorized person should handle the waste without any adverse effects to human health and the environment.	Complied. Authorized and well-trained persons are handling the waste.
3	Take all necessary steps to ensure that bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with these rules.	Complied. We have taken all necessary measures while handling of Bio medical Waste as per Bio-Medical Waste Management Rules, 2016.
4	The Bio-Medical Waste shall not be mixed with other wastes.	Complied. We are not mixing bio Medical wastes to any other waste. All categories of Bio-medical wastes are segregated as per Bio-Medical Waste Management Rules, 2016.
5	The Bio-Medical waste shall be segregated into containers/bags at the point of generation in accordance with Schedule-I of the Notification prior to its storage, transportation, treatment and disposal. The containers shall be labeled according to Schedule-IV of the Notification.	Complied. All the biomedical wastes are segregated at source itself and labelled as per Bio-Medical Waste Management Rules, 2016.
6	If a container is transported from the premises where Bio-Medical waste is generated to any waste treatment Facility outside the premises, the container shall, apart from the label prescribed in Schedule-IV of the Notification, also carry information prescribed in Schedule-IV of the Notification.	Complied. During the transportation time labelled all containers and bags as per Bio-Medical Waste Management Rules, 2016.
7	Notwithstanding anything contained in the Motor vehicle ACT, 1988, or Rules, there under, untreated Bio-Medical Waste shall be transported only in such vehicle as may be authorized for the purpose by the competent Authority as specified by the Government.	Complied. All wastes are collected by CBMWTF (Common Bio Medical Waste Treatment Facility) from premises through authorized CBMWTF vehicle.
8	The person authorized under these Rules shall not lease, sell, transfer or otherwise transport the Bio-Medical wastes without obtaining prior permission of the member secretary, Andhra Pradesh Pollution Control Board.	Noted. Being followed.

9	An application for the renewal of authorization shall be made as laid down in Rule-10 and Form-II of the Rules.	Noted. Being followed.
10	Every Occupier/Operator shall submit an annual report to the Member Secretary, Andhra Pradesh Pollution Control Board, in Form-IV by 30 th June every year, containing information about categories and quantities of Bio-Medical wastes handled during the preceding year.	Complied. Annual report submitting to the board in stipulated time with all necessary information, last report submitted on 24.05.2022 for the period from Jan to Dec 2021. Next due is 30th June 2023.
11	Every HCE shall maintain a daily record of waste generation quantity either in volume or by weight in Kg/Day as follows: (a) Human anatomical waste/Animal anatomical/Solid waste/ Expired and discarded medicines, Chemical liquid etc., (yellow bag) (b) Contaminated waste (Recyclable) (Red Bag), (c) Waste sharps including metals etc., (White translucent puncture proof bags) (d) Glassware, metallic body implants (Blue Bag)	Complied, Daily record is being maintained with all necessary information as per the Bio-Medical Waste Management Rules, 2016.
12	Every authorized person shall maintain records related to the generation, collection, reception, storage, transportation, treatment, disposal and / or any form of handling of Bio-Medical waste in accordance with these Rules and any guidelines issued.	Complied. Daily record is being maintained with all necessary information as per the Bio-Medical Waste Management Rules, 2016.
13	All records shall be subject to inspection and verification by the Member Secretary, Andhra Pradesh Pollution Control Board, or authorized officer of A.P. Pollution control Board at any time.	Noted, All records are being maintained and readily available to the Board officials in the plant.
14	The applicant shall exhibit the authorization of the Board in the premises at a prominent place for the information of inspecting officer of different departments.	Complied, Consent board is displayed at a prominent place for information.
15	The applicant shall inform the prescribed Authority, the name and designation of the concerned person in-charge of Bio-Medical waste Management in the Health Care Establishment. This person shall be held responsible for the implementation of the Bio-Medical waste Management & Handling Rules, 2016.	Complied with (Name and designation of the concerned person: Mr. K. Rama Subbarao General Manager – EHS Mr. D. Sai Srinivasa Kiran Assistant General Manager – EHS)

SCHEDULE-B		
1	The HCE shall obtain DM & HO Registration.	Noted, being followed.
2	Biomedical waste shall be treated and disposed in accordance with schedule-I (Part I & II) and in compliance with standards provided in schedule-II of the biomedical waste management rules 2016 should be carried out at source only. Only yellow, Red, Blue, Non-chlorinated bags shall be used for collection of BMW.	Complied. all wastes are collected and segregating at source in accordance with Bio-Medical Waste Management Rules, 2016.
3	Make a provision with in the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in schedule-I, to ensure that there shall be no secondary handling, pilferage of recyclables or inadvertent scattering or spillage by animals and the biomedical waste from such place or premises shall be directly transported in the manner as prescribed in these rules to the common biomedical waste treatment facility or for the appropriate treatment and disposal, as the case maybe, in the manner as prescribed in schedule-I.	Complied. All Bio- medical wastes collected in color coding bins/bags as per the Bio-Medical waste management rules, 2016 Separate storage facility created at ETP for BMW.
4	Pre-treat the laboratory waste, micro biological waste, blood samples and blood bags through disinfection or sterilization on- site in the manner as prescribed by the world health organization (WHO) or National Aids Control Organization (NACO) guidelines and then sent to the common biomedical waste treatment facility for final disposal.	Complied. Microbiology waste treated through Auto Clave and treated waste collected into color coded bags and liquid waste disposed to ETP along with other effluents. Done chemical treatment by using 1-2% Sodium Hypochlorite having 30% residual chlorine for twenty minutes for both OHC and Microbiology waste.
5	Phase out use of chlorinated plastic bags, gloves and blood bags with in two years from the date of notification of BMW rules, 2016.	Noted, being followed.
6	Dispose of solid waste other than biomedical waste in accordance with the provisions of respective waste management rules made under the relevant laws and amended from time to time.	Noted, being followed.
7	Not to give treated biomedical waste with municipal solid waste.	Complied. We are not mixing BMW to any other wastes. We have collected and disposed BMW in accordance with Bio-Medical Waste Management Rules, 2016.
8	Provide training to all its health care workers and others, involved in handling of biomedical waste at the time of induction and thereafter at least once in every year and the details of training programs conducted, number of personnel trained and	Complied. We are being organizing training programs on regular interval for all biomedical waste handling persons.

	number of personal not undergone any training shall be provided in the annual report.	
9	Immunize all its health care workers and others, involved in handling of biomedical waste for protection against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of biomedical waste, in the manner as prescribed in the National Immunisation Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time.	Complied. Given vaccination against diseases including Hepatitis B and Tetanus to concerned Bio Medical waste handling persons include canteen workers.
10	Establish a Bar-Code system for bags or containers containing biomedical waste to be sent to CBMWTF within one year from the date of the notification of these rules.	Complied. We are following the Bar-Code system for Bags/Containers as supplied by the CBMWTF (Common Bio-Medical Waste Treatment Facility).
11	Ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralization prior to mixing with other effluent generated from health care facilities.	Complied. Microbiology waste treated through Auto Clave and treated waste collected into color coded bags and liquid waste disposed to ETP along with other effluents.
12	Ensure treatment and disposal of liquid waste in accordance with the water (Prevention and Control of pollution) Act, 1974 (6 of 1974).	Complied. Microbiology waste treated through Auto Clave and treated waste collected into color coded bags and liquid waste disposed to ETP along with other effluents.
13	Ensure Occupational Safety of all health care workers and others involved in handling of biomedical waste by providing appropriate and adequate personal protective equipments.	Complied. We are being following the safe system of work with respect to Bio- Medical waste handling and using appropriate PPE's.
14	Conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio-medical waste and maintain the records for the same.	Complied. Health checkups are being organized on regular basis as per the plan include biomedical waste handling persons. Records are being maintained.
15	Maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in schedule-I.	Partially complied. Day to day Bio- Medical waste generation details maintained in register. We are not display the monthly record into website.
16	Report major accidents including accidents caused by fire hazards, blasts during handling of biomedical waste and the remedial action taken and the records relevant thereto, (including nil report) in form I to the prescribed authority and also along with the annual report.	Noted, being followed.

17	Make available the annual report your official web-site within two years from the date of notification of BMWM Rules, 2016.	Noted, being followed.
18	Inform the prescribed Authority i.e, APPCB immediately in case the operator of a common facility does not collect the bio-medical waste within 48 hours or as per the agreed time.	Noted, being followed.
19	Establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the prescribed authority.	Complied. Committee formed on 01.02.2023. Conducted half yearly review meetings and submitted minutes of the meeting record of this committee along with annual report submitted to RO-PCB.
20	Maintain all record for operation of incineration, hydro or autoclaving etc., for a period of five years.	Noted, being followed.
21	All plastic bags shall be as per BIS standards as and when published, till then the prevailing Plastic Waste Management Rules shall be applicable.	Noted, being followed.
22	Dead fetus below the viability period (as per the Medical Termination of Pregnancy Act, 197, amended from time to time) can be considered as human anatomical waste. Such waste should be handed over to the operator of common biomedical waste treatment and disposal facility in yellow bag with a copy of the official Medical Termination of Pregnancy certificate from the obstetrician or the Medical Superintendent of hospital or health care establishment.	Not Applicable.
23	Cytotoxic drug vials shall not be handed over to unauthorized person under any circumstances. These shall be sent back to the manufactures for necessary disposal at a single point. As a second option, these may be sent for incineration at common bio medical waste treatment and disposal facility or TSDFs or plasma pyrolysis is at temperature >1200°C.	Not Applicable. We are not manufacturing Cytotoxic drugs at our premises.
24	Residual or discarded chemical wastes, used or discarded disinfectants and chemical sludge can be disposed at hazardous waste treatment, storage and disposal facility. In such, the waste should be sent to hazardous waste treatment, storage and disposal facility through operator of common bio medical waste treatment and disposal facility only.	Noted, being followed.

25	Syringes should be either mutilated or needles should be cut and or stored in temper proof, leak proof and puncture proof containers for sharps storage. Wherever the occupier is not linked to a disposal facility it shall be the responsibility of the occupier to sterilize and dispose in the manner prescribed.	Noted, being followed.
26	The occupier shall hand over segregated waste as per the schedule-I to common bio- medical waste treatment facility for treatment, processing and final disposal.	Noted, being followed.
27	Every occupier shall phase out use of non-chlorinated plastic bags with in two years from the date of publication of these rules and after two years from such publication of these rules, the chlorinated plastic bags shall not be used for storing and transporting of bio medical waste and the occupier or operator of a common bio medical waste treatment facility shall not dispose of such plastics by incineration and the bags used for storing and transporting bio medical waste shall be in compliance with the Bureau of Indian Standards. Till the standards are published, the carry bags shall be as per the Plastic Waste Management Rules,2016.	Noted, being followed.
28	The Occupier shall maintain a record of recyclable wastes which are auctioned or solid and the same shall be submitted to the prescribed authority as part of its annual report. The record shall open for inspection by the prescribed authorities.	Not Applicable. We are not generating any recyclable wastes in our Bio-Medical waste.
29	Segregation of the waste in accordance with Schedule-I of the Bio-Medical Waste Management Rules, 2016 should be carried out at source.	Complied. We are not mixing bio Medical wastes to any other waste. All categories of Bio-medical wastes are segregated as per Bio-Medical Waste Management Rules, 2016.
30	Chemical treatment should be carried out using at least 1% Hypochlorite Solution or any other equivalent chemical reagent. It must be ensured that chemical treatment ensures disinfection.	Complied. Microbiology waste treated through Auto Clave and treated waste collected into color coded bags and liquid waste disposed to ETP along with other effluents. Done chemical treatment by using 1-2% Sodium Hypochlorite having 30% residual chlorine for twenty minutes for both OHC and Microbiology waste.
31	No untreated Bio-Medical waste shall be kept stored beyond a period of 48 hours.	Noted, being followed.
32	The Mercury spillage/losses due to breakage of Thermometers, pressure and other measuring equipment in Health Care Establishments shall be	Noted, being followed.

	collected stored and send back to the manufacturers.	
33	The occupier of HCE shall take all necessary measures to ensure that the spilled mercury does not become part of bio-medical or other solid waste generated from the HCE.	Noted, being followed.
34	The occupier of HCE shall dispose any waste containing equal to or more than 50mg/Kg of Mercury, as per the provisions of Hazardous and other wastes (Management & Transboundary Movement) Rules, 2016 and amendments thereof.	Noted, being followed.
35	The Bio medical Waste shall be disposed for treatment after disinfection and segregation to the following Common Bio- Medical Waste Treatment Facility. M/s. Vasista Enviro Care, De- Notified Area, APSEZ, Atchutapuram (M), Visakhapatnam District.	Noted, being followed. The waste after segregation as per the Bio-Medical waste Management and Handling rules,2016 disposing to CBMWTF, namely Vasista Enviro Care, De- Notified Area, APSEZ, Atchutapuram (M), Visakhapatnam District.
36	No Health Care Establishment shall install or operate an incinerator without specific Authorization of Prescribed Authority.	Noted, being followed.
37	Under no circumstances shall incinerable waste of the Schedule I of the Rules of 2016 of any kind be openly burnt anywhere.	Noted, being followed.
38	The effluents generated from the hospital should conform to the standards prescribed in schedule-II of Bio- Medical Waste Management Rules, 2016.	Noted, being followed. All our Microbiology and OHC waste are disposing to CBMWTF.
39	The applicant shall make an application for renewal of authorization under Bio- Medical Waste Management Rules, 2016 at least 120 days before the date of expiry of this order, along with prescribed fee.	Noted, being followed.
40	The applicant shall obtain consent for operation under Water (Prevention & Control of Pollution) Act 1981.	Noted, being followed.
41	The HCE should provide adequate fire protection equipment (Such as smoke detectors, fire extinguishers, sand bucket, fire alarm, water sprinklers etc) at salient places within the HCEs even at Bio Medical Waste storage area, in accordance with fire safety regulations and the HCE should obtain certificate from fire department.	Noted, being followed.
