

Visna®

Visnadine is a coumarin mainly found in the seeds of the plant Ammi visnaga.

Use: To maintain external intimate health in women.

Directions for use: Gently massage a small amount, about two to three grams of Visna® gel to the external genital area (clitoris and labia majora), 5 to 10 minutes before sexual intercourse. Gentle massage after application helps in absorption of the gel.

Warnings and Precautions: Visna® gel is intended for external use only; should not be applied internally in the vagina. Avoid contact with the eyes; keep out of reach of children. **Contraindications:** Visna® gel should not be used in case of hypersensitivity to the components of the product.

Shelf life: Use before 24 months from manufacturing; Use within 12 months after opening the tube.

Storage: Store in a cool place; Keep out of reach of children
